

Calf Bottles Trailers

HMI Bottle Trailers feature stainless steel pans and racks, heavy duty marine grade axles and a powder coated chassis. We can meet the needs of any size operation with trailer sizes ranging from 48 to 1008 bottles for 2, 3 or 4 quart bottles.

Adjustable, non-slip running boards with full fenders

48-504 Trailer sizes include stainless pans and racks. 616-1008 Include powder coated pans and racks.

Operator friendly controls for easy pan rotation. Pans can be locked in multiple positions for easy bottle filling, feeding, cleaning and draining.
